Used-listing research worksheet

Use one sheet per listing. Copy the exact name, compare the same edition and suffix, and record unknowns rather than guessing. Keep each type of evidence separate.

01 Listing identity · copy the seller's wording

Exact maker

Exact model

Edition / year as listed

Full suffix / configuration code

Listing URL / listing ID

Date viewed

02 Seller statements · reported build, not established fact

Record handedness, length + units, neck / shaft, grip and any reported alterations.

Seller's support for edition / history / changes

03 Documented specifications · keep the source with the claim

Source title / publisher

Date published / viewed

Source URL · exact edition / region if stated

Source type: ☐ manufacturer ☐ secondary catalog / publication ☐ community

Relevant specs + units · stock options are not measurements of this used club

04 Photo requests · tick when requested; note what is still missing

☐ **Face:** straight-on, milling / insert visible

☐ **Cavity / back:** all markings in focus

☐ **Sole:** whole sole, markings and weights

☐ **Connection:** side-on, lower shaft + full neck

If obscured, request the opposite side. Ordinary photos do not measure toe hang.

Requested on / missing views / follow-up

05 Personal observations · discrepancies & unresolved questions

What you see · cite the photo or measurement; separate it from seller claims

Mismatch with the source / unknowns / next question to ask
